
REQUEST FOR VERIFICATION APPLICATION FORM

Executive Summary

Noble is a rating agency located in Houghton Estate, Johannesburg South Africa. We are currently a level two (2) contributor to B-BBEE and have a black ownership of 70%. We are a rating agency that delivers professional and audits with integrity and accuracy. The estimated time for verification is one to four weeks from date of engagement, depending on whether supporting evidence are received timeously by the client. Our rating process is as shown below;

Our Rating Process

Noble BEE Rating follows the following process in the verification cycle after we have completed the engagement

Sales Engagement: Noble conducts a first meeting or telephonically to explain its procedures and what the process will entail. This will also be an introductory meeting of the Noble team.

Client Document gathering and preparation: This step will involve the collation of information by the client as discussed in step 1

Verification Preparation To ensure that you are properly prepared for the actual verification a preparatory session will be arranged to help you understand the scorecard and all the information requirements for the audit. This can be done telephonic or onsite. It must be noted that the client's needs dictate the process so Noble will try to meet each client's needs

Site Audit- Upon readiness of the client a site visit will be set up and Noble analyst will be allocated to do verification at the client's premises of BEE claim made by the client. This includes but not limited to sampling monetary claims, shareholders, directors, and staff interviews

Preliminary Report - Noble endeavours to ensure all draft reports for clients are issued within two – ten working days depending on the size of client. The Technical Signatory reviews all files within this period and draft issued on his acceptance on report from analyst and this is to ensure that if the Noble processes were followed in conducting the verification, correct application of the applicable scorecard and , if sufficient evidence was obtained and the accuracy of the calculations.

Client is given five days to respond with acceptance or appeal of their score.

Issuing of final report and certificate – On acceptance and payment of balance owing, Noble will issue final report.

INFORMATION REQUIREMENT

1. Entity Details

Company Name	
Trading name	
Type of entity

Is this your first verification with Noble? _____

(If you had a previous verification which was not from Noble, please provide a copy of the verification report issue

3. Declaration

Name:

Designation:

I acknowledge that:

1. I have authority to engage Noble for a BBBEE verification for the measured entity
2. The information is, to the best of my knowledge, true and accurate
3. The verification agency shall conform to the verification process as indicated.
4. The information provided to Noble is complete. Only the information that has been provided as at the date of the verification visit will be considered by Noble in awarding the Generic / QSE verification. Any additional information submitted post the date of the verification visit (excluding the 5day query period thereafter) will not be taken into consideration. An appeal must be based on interpretation issues between the measured entity and Noble, and not on additional information submitted.
5. The formal appeals process is limited to a period of five (5) working days. If Noble is not notified regarding any suggested amendments within that period (taking into account the provisions of clause 4 above) the final verification shall remain as-is, a verification certificate shall be issued and any outstanding payment to Noble shall become due and payable prior to delivery of such documents.
6. The equity ownership claimed is in accordance with the conditions prescribed.
7. If information is found to be incorrect, Noble may, in addition to any other remedy, cancel the entity's verification status and circulate & publicize the nature of the contravention and the changes on the verification status of the entity to all potential users.
8. I am not aware of any conflict of interest that may arise by commissioning Noble to carry out the verification of the entity. Written notification will be sent to Noble should any come to light, and Noble shall handle this as per their internal policy.
